河北茉悠科技有限公司
HEBEI MOYO TECHNOLOGIES CO., LT

COMPANY PROFILE

河北茉悠科技有限公司坐落于河北省经济开发区,成立于 2013年12月。是一家集产品研发、生产、销售、安装为一体,专业生产新型环保材料的,全面发展型高科技民营企业。公司注册资本 3610 万元,占地 60000 平方米,建筑面积 50000 平方米。

公司每年生产新型环保建材产品5万吨,主要产品有 WPC木塑门、医用树脂门、UPVC 模压门三大系列。产品具有零甲醛、无污染、抗老化、防水、防潮、防霉、防虫蛀、阻燃、隔热、保温等独特性能,种类齐全,品种丰富,质量过硬,科技含量高,受到国内外客户的一致好评,产品质量达到或优于国际同行业水平。公司正在加快实施产品国际化战略,产品销售覆盖全国 24 个省(市、自治区),还畅销于中东,东南亚,南亚,非洲,南美等多个国家和地区。

公司多年来一直与清华大学,北京工商大学,河北工程大学等高校院所建立了长期的技术合作关系,建有市级研发工程技术研发部,通过了 GB /T9001-2016(ISO9001:2015)质量管理体系认证,拥有专利 17 项,其中发明专利 7项,先后荣获中国塑协塑木制品专业委员会会员单位、中国低碳环保·健康节能绿色建材采购平台准入企业、中国绿色建筑首选配套产品、国家科技型中小企业、河北省高新技术企业、河北省科技型中小企业、河北省专精特新企业等荣誉称号。

茉悠公司始终坚持质量为本,诚信经营,客户至上的原则,做环保家居的领导者。坚持“自强不息、厚德载物”的企业精神和“以事为先、以人为本”的发展导向,走出了一条独具特色的企业发展道路。

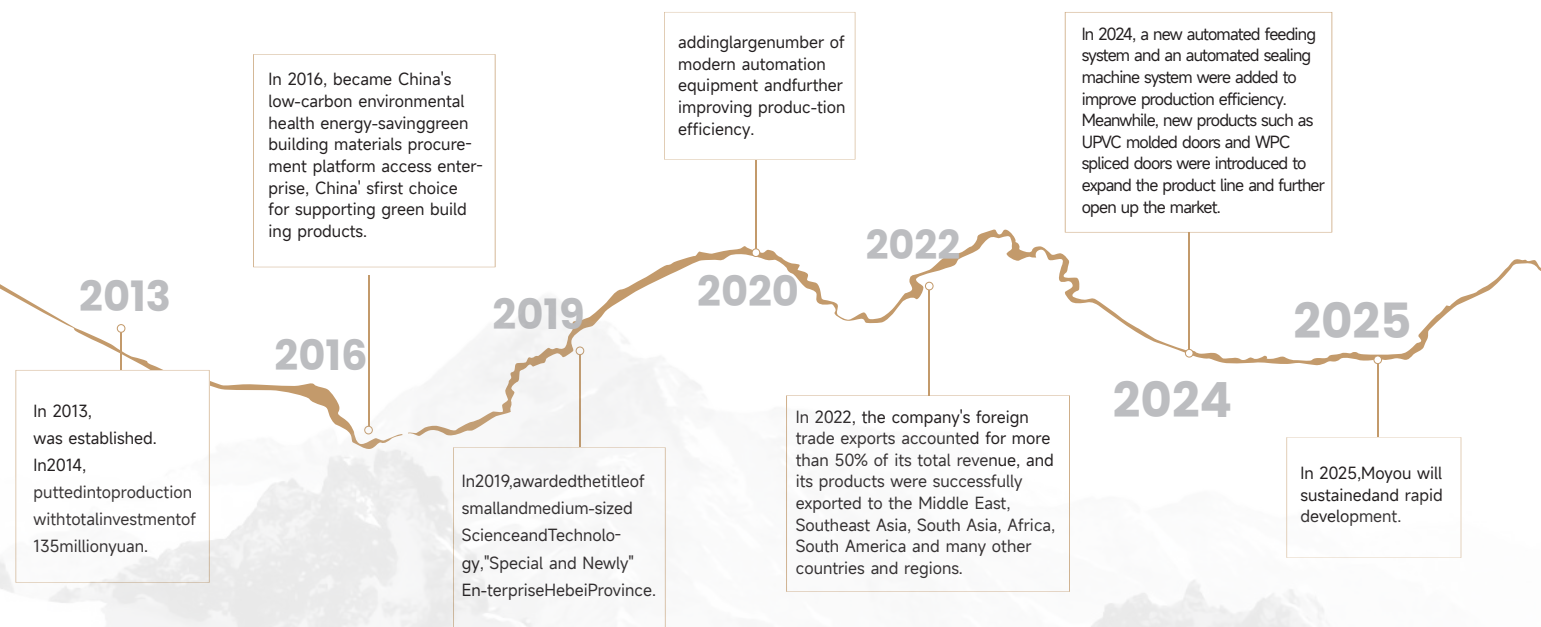

Hebei Moyou Technology Co., Ltd. is a branch of Kelun Plastic Industry Group, a company listed on the New Third Board (stock code: 832093). Founded in December 2013, the company is located in Quzhou County, Handan City, Hebei Province, and situated within the Hebei Provincial Economic Development Zone. It is an integrated high-tech private enterprise that integrates product R&D, production, sales and installation, specializing in the manufacturing of new environmentally friendly materials. With a registered capital of 36.1 million yuan, the company covers an area of 60,000 square meters and has a construction area of 50,000 square meters.

The company produces 50,000 tons of new environmentally friendly building materials annually, with three main product series: WPC wood-plastic doors, medical resin doors and UPVC molded doors. Its products boast unique properties including zero formaldehyde, pollution-free, anti-aging, waterproof, moisture-proof, mildew-proof, insect-resistant, flame-retardant, heat-insulating and thermal insulation. Featuring complete categories, rich varieties, excellent quality and high technological content, the products have been well-received by customers at home and abroad, and their quality has reached or exceeded the international level in the same industry. Currently, the company is accelerating the implementation of its product internationalization strategy. Its products are sold in 24 provinces (municipalities and autonomous regions) across China, and are also popular in the Middle East, Southeast Asia, South Asia, Africa, South America and other countries and regions.

Over the years, the company has established long-term technical cooperation with Tsinghua University, Beijing Technology and Business University, Hebei University of Engineering and other universities and research institutions. It has set up a municipal-level R&D department, passed the GB/T9001-2016 (ISO9001:2015) quality management system certification, and owns 17 patents (including 7 invention patents). The company has successively won many honorary titles, such as Member Unit of the Plastic and Wood Products Professional Committee of China Plastics Association, Qualified Enterprise for China's Low-Carbon Environmental Protection, Healthy and Energy-Saving Green Building Materials Procurement Platform, Preferred Supporting Product for China Green Building, National Technology-Based Small and Medium-Sized Enterprise, Hebei Provincial High-Tech Enterprise, Hebei Provincial Technology-Based Small and Medium-Sized Enterprise, and Hebei Provincial Specialized, Refined, Unique and Innovative Enterprise.

Runer has always adhered to the principles of quality-oriented, integrity-based operation and customer-first, and is committed to becoming a leader in environmental protection home furnishing. Upholding the corporate spirit of "self-improvement and virtue-bearing" and the development orientation of "putting tasks first and people foremost", the company has blazed a unique path of enterprise development.

1. Material & Performance: Made from wood fiber + high-quality PVC, combining the aesthetic of natural wood grain with the advantages of composite materials. It is waterproof, termite-resistant, and maintenance-free, without warping, cracking, or swelling in humid environments, suitable for bathrooms, kitchens, hotels, and other scenarios.

2. Appearance & Style: The surface is covered with a waterproof PVC film that reproduces real wood grain. It offers 3 surface finishes—matte, embossed, and glossy—matching both classic and modern interior styles.

3. Size & Structure: Standard widths include 690mm, 750mm, 850mm, and 950mm, with custom sizes available. The solid composite core ensures sound insulation, impact resistance, and thermal stability. There is also a WPC combination option to meet the demand for an ultra-smooth surface.
